

Red Eyes

The War on Drugs

Come and see
Where I witness everything
On my knees
To beat it down, to get to my soul
Against my will
Anyone can tell it's you coming
But baby, don't mind
Leave it on the line, leave it all your own way
Come and ride away
It's easier to stick to the earth
Surrounded by the night
Surrounded by the night and you don't go home
But you abuse my faith
Losing everytime but I don't know where
You're on my side again
So ride the key wherever it goes
I'll be the one, I can't
You're all I've got to wait
You're running in the dark when I come to my sense
Well you can see it through the darkness coming my way
Well we won't get lost inside again
Oh no, no season, I can't wait
Made of iron, made of wood
I can't hear
Don't think we would mind against it
I would keep you here, but I can't
Oh, I'll talk to you if I
can find you now
I will see you wherever I go babe
She's on my side again
The easy way I come to my sense
Walking in the downtown talks to my soul
They won't get lost inside again
On my way
I can see in the darkness combing my mind
Well we're here
Don't get lost inside
You won't get lost inside at all
You're on my way, woo!
