

Longing For

Jah Cure

Yea you know
Only you, only you Only you can make me feel
Just like a king
Love you give to me so real
Makes me give in Girl, just like magnet to steel
Your love keeps pulling me in
If it's a battle I'll fight for you
I have to win To prove to you my love
Is so deep within
It's even getting deeper
Since I reach prison
Longing for
My baby to love me more
What am I longing for?
Babylon release the Cure What am I longing for?
My baby to love me more
What am I longing for?
Babylon release the Cure When, when, when, when
Can we see each other again?
When, when, when, when
Can we see each other again? I know there's someone must be there comforting you
Whenever you need a friend
I'll make you mine, give me some time
I'll surely make you mine
It may be long but not forever
I vow to get myself together
I love you baby, always on my mind
No matter the time What am I longing for?
My baby to love me more
What am I longing, longing, longing? What am I longing for?
My baby to love me more
What am I longing for?
Babylon release the Cure Only you can make me feel
Just like a king
Love you give to me so real
Makes me give in Girl, just like magnet to steel
Your love keeps pulling me in
If it's a battle I'll fight for you
Surely win
To prove to you my love
Is so deep within
It's even getting deeper

Ever since
What am I longing for?
My baby to love me more
What am I longing for?
Babylon release the Cure
What am I longing for?
What am I longing for?
