

Kiwi

Pigeons Playing Ping Pong

What you want babe i got it
if you would just give me the time
What you got babe i want it
can't get the thought out of my mind
And i try to recognize that the look that's in your eye
Casts a lie between the truth and the way you fill my mind
But time, time is on our side
And i find that all my rhymes are for you (you, you)
You shave my kiwi, and babe i'll squeeze
your limes
You've got to please me please don't waste my time
You rock the heezy with your cheese and wine
You've got to please me please, don't waste my time, don't waste my time
Straight up i play with fire, a burning effigy of life
Light up your last desire, I fear we're running out of time
And i try to realize that although things seem alright
There's a line that must be crossed in order to see the light
But time, time is on our side
And i find that all my rhymes are for you (you, you)
You shave my kiwi, and babe i'll squeeze
your limes
You've got to please me please don't waste my time
You rock the heezy with your cheese and wine
You've got to please me please, don't waste my time, don't waste my time (Rage!!)
You shave my kiwi, and babe i'll squeeze your limes
You've got to please me please don't waste my time
You rock the heezy with your cheese and wine
You've got to please me please, don't waste my time, don't waste my time
