

# I Am

## Yo Gotti

I could show you how to cook right  
Can I show you what a millionaire look like?  
Aye let me show you how to cook right  
This what a millionaire look like Young nigga in the hood watchin out for hustle  
All these niggas with me, I love em like my brother  
I am the struggle, I am the hustle  
I am the city, homie proud of me did you  
I used to say pin this mouse, this nigga co-dependent  
Hard way nigga, I got my meals the hard way  
Selling crack, millionaire, I love the smart way  
Exit the game and got rich, that's a fade away  
Ha-ha, what a millionaire look like?  
Yea I can show em how to cook right  
Turn a man to a half, turn a brick to a jet  
Nigga you do the math, you can aim right  
Mixtape doing show for the 40  
All I need is one mic and a Glock 40  
Tot bomb for the killers who never honor the deal  
And then UGK to the ceiling,  
Can't describe the feeling  
I am in this - fortunate  
I am success... fortune live  
Mansion life in the crissy  
Young niggas with tints  
Headshots in the day  
Throwin our lives away  
I understand her  
I come from that land hoe  
That's where they would kill a nigga and I was the man hoe  
Shots fired, bullets flying  
Coming out that lando  
Family cryin, say that shit so times, hardcore  
Mafia, I grew up when freaks and shit were poppin up  
I was hustling, thuggin and keep the cocaine and we're poppin up  
I have bricks down, choppas up, it wasn't no nigga real as us  
City fuckin with me cause they know a nigga real as fuck  
Yea, then the shit got easy  
Told my dog I had a million and he didn't believe me  
I told him cool, roll a brick, bringing 22 easy  
I would live it up and die before I heard about Jeezy  
For real I could show you how to cook right  
And what a millionaire look like

Yep I could show you how to cook right  
And what a multi-millionaire look like niggaI Am  
I AmSelf -Made just like Ross said nigga  
You know they gave me shit potna  
Relax about me nigga  
Man I tell this everyday motherfuckers faded  
Yea I got cutt off yo bush  
Nigga fuck you talkin bout?  
Hah?  
Yea  
And this that motion picture shit  
Maybe I just embarrass a nigga  
We ball and flow extreme nigga  
Hey!  
This meanest shit, non-fiction homie  
It feel G my nigga
