

# two nights (feat. Aminé)

## Lykke Li

[Chorus: Lykke Li]

Two nights in a row, where'd you go?

I've been smokin'

Two nights in a row, now I know that it's broken[Verse 1: Lykke Li]

Somebody else

I think you're out there with someone else

Somebody else

I think you might be with someone else[Pre-Chorus 1: Lykke Li]

I, I left all the lights on

I've been sleepin' with no clothes on

You never came home

[Chorus: Lykke Li]

Two nights in a row, where'd you go?

I've been smokin'

Two nights in a row, now I know that it's broken

You've been dancin' with somebody

On the streets with somebody

Two nights in a row, where'd you go?

I've been smokin'[Refrain: Lykke Li]

Nobody else

You say there's no one, but I can tell

All by myself

Why can't you need me and nothin' else?[Pre-Chorus 2: Lykke Li]

I, I left all the lights on, sleepin' with no clothes on

Baby, I've been staring at a blank phone

You never came home

[Chorus: Lykke Li]

Two nights in a row, where'd you go?

I've been smokin'

Two nights in a row, now I know that it's broken

You've been dancin' with somebody

On the streets with somebody

Two nights in a row, where'd you go?

I've been smokin'[Bridge: Aminé & Both]

Two steppin' with two girls on a Tuesday

Who's paid, that's me, oh, yeah

I'm a flirt, you alert, worst curve

When the birds chirp, chirp on my nerves, oh, yeah

Don't be sad, look alive Lykke

Damn right, she gon' dance on my damn Dickies

I mean, when's the last time you danced on me?

Shit, when's the last time you even loved?

You look like a dummy  
You think it's dark, but it's sunny  
I feel it all in my tummy  
You think it's sweet like a sundae  
I'm never bummy or scummy  
You're paranoid like a bunny  
You're dead to me  
You the drug, I'm the junkie  
Pretty penny, so I don't know where to start  
Tag along, I'm a vagabond to your heart  
I mean what can I say?  
I [?] to you like [Outro: Lykke Li]  
Two nights in a row, where'd you go?  
I've been smokin'  
Two nights in a row, now I know that it's broken
