

# Rolling Dice (feat. Ella Vos & Joey Chavez)

## Just A Gent

[Ella Vos & Joey Chavez:]  
I still wear the smile you gave to me  
When we were just having fun  
In a daydream where we belong Now I see you never needed me  
But we tried hard to trick ourselves  
Into thinking we could be helped  
And you said [Ella Vos & Joey Chavez:]  
Come on, come on  
Just close your eyes  
We'll test our fate  
Like rolling dice  
Oh, come on now  
You'll feel alive  
We'll test our fate  
Like rolling dice [Ella Vos:]  
Like rolling dice [Ella Vos & Joey Chavez:]  
I still use the laughs you gave to me  
When we were just having fun  
In a daydream where we belong And now we've both met someone else  
And we try hard to trick ourselves  
Into thinking we can be helped  
And you said  
[Ella Vos & Joey Chavez:]  
Come on, come on  
Just close your eyes  
We'll test our fate  
Like rolling dice Oh, come on now  
You'll feel alive  
We'll test our fate  
Like rolling dice [Ella Vos:]  
Like rolling dice [Ella Vos & Joey Chavez:]  
I'll keep this fire  
Burning brighter  
As long as the stars shine  
This isn't goodbye Come on, come on  
Just close your eyes  
We'll test our fate  
Like rolling dice [Ella Vos:]  
Like rolling dice [Joey Chavez:]  
I'll keep this fire  
Burning bright  
I'll keep this fire
