

# Ooops (feat. Björk)

## 808 State

Ooops, alright  
I'll come right over  
pour myself over you  
jars of fun  
exciting stories  
I'll make you forget  
tickle you a little bit  
seduce out your good temper  
I'll shine all over  
I'll cook my best dish for you  
but then it's my turn  
I want all your adoration  
dog, I own you  
sit down fool  
you own me  
I'm yours  
I'm the sun  
I'll shine all over you  
grab the rays  
sugar
