

# Oxy Cotton (feat. Lord Infamous & Crunchy Black)

Lil Wyte

Go on and slip me two (X)anax Bars - I'm ready ta git fool  
5th ta Crown ta wash it down, I'm downtown snapping rolls  
Ain't no shame up in my game - in fact I'm mentally deranged  
Oxicotin in my system - man I'm feeling kinda strange  
Watch me choke about this blueberry from Texas  
You wanna get up in rotation that's too bad 'cause I'm stressin'  
'bout now its 1: 30 am - 11 Percocets just entered me  
15 minutes from this second - I'll be crawling on my knees  
Laughing at the crowd of all the clowns that be surrounding me  
Take another Lortab to calm me down and let me see  
Body be relaxed - muscles be loose, and you have stopped the pain  
No more bitchin' 'bout your day and work and driving in the rain  
Put up with the fussing and discussion - I plant in your brain  
Hypnotize ya minds, like all the rest but I come through the veins  
Take a chill pill to slow me down and get back in the game  
Gotta be up on ya P's and Q's to even feel it man  
Oxicotin - (X)anax Bars - Percocets and Lortabs  
Valiums - Morphine - patches - Ecstasy - and it's all up for grabs  
Whatcha want - whatcha need - hit me up I got you man  
Whatcha want - whatcha need - hit me up I got you man[Lord Infamous]  
Scarecrow, scarecrow whats that you poppin'?  
A powerful pill they call Oxicotin  
But it's so tiny, yeah it got you draggin'  
Haven't you heard big things come in small packages  
I prefer the oranges with the black O-C  
Take 2 and you cannot move up out ya seat  
Some people melt 'em down in a needle and shoot 'em up  
But I pop 'em with seroquel like glue, I am stuck  
[Crunchy Blac]  
See I'm a pill popper - so I'm a keep poppin' 'em  
Gimme 20 (X)anax and Ima start droppin' 'em  
They ain't no stoppin' 'em - when they in my system  
Man, I really miss 'em - can you help me get 'em  
I heard you have Clidina, on that fuckin' pill shed  
Gimme some fuckn Ec' - gimme some Percocets  
I need me some four bar, so I can break down  
'Cause a nigga like me 'finna take it to fight now(Hook 2x - [Lil' Wyte])  
Oxicotin - (X)anax Bars - Percocets and Lortabs  
Valiums - Morphine - patches - Ecstasy - and it's all up for grabs  
Whatcha want - whatcha need - hit me up I got you man

Whatcha want - whatcha need - hit me up I got you man
