

Sidewinder

Catfish and the Bottlemen

Give me some mindness I can get off on
I want to endorse you
Want you to exhaust me
Give me some Mindsets I can rub off on
Cause when you act placid
You know that I can't stand it
Whoever you're mixing your drinks with is dying to
Go to town on you
Whoever you're mixing your drinks with is dying to
Go to town on you
Give me some assumptions I can make of you
Cause you're getting lazy
You used to frustrate me
And give me some inglorious foot to cm
And come back and fight me
With her entwined round me
Whoever you're mixing your drinks with is dying to
Go to town on you
Whoever you're mixing your drinks with is dying to
Go to town on you
