

All Around

Bebel Gilberto

After all, all I have in my mind
Is just silence all around
A thousand times I have tried to find
Pieces of dreams, visions and sounds
And then I pray for better days Do you know how it is without anyone
Do you know anyone?
Don't let it go
Never forget that when
I think of you
You're not alone After all, all I have in my heart
Are the pieces, that I found
Shades of blue, swimming in the moon
Counting the stars all around
I say a prayer for better days
Do you know how it is without anyone
Do you know anyone?
Don't let it go
Never forget that when
I think of you
You're not alone Do you know how it is without anyone
Do you know anyone? Do you know how it is without anyone
Do you know anyone?
Don't let it go
Never forget that when
I think of you
You're not alone
Do you know how it is without anyone
Do you know anyone?
Don't let it go
Never forget that when
I think of you
You're not alone
