

# To the Sea

## Razorlight

Away and away, over bridges and sighs  
And naa, naa, naa, naa  
She keeps it all locked up right inside  
But then up above, where the looking glass skies  
Go on and on, naa, naa  
She doesn't say a word  
She keeps it inside To the sea  
Into the sea  
Ohh darling to the sea  
Yea, what about me?  
Yea, what about me?  
She jus' wanna know what about me  
Go away, for a year and a day  
And come back to me, ohh you will see  
And throw it away, well there's money to be made  
And darling, you will make it all, in the sea Into the sea, yea  
Into the sea, yea  
Ohh darling to the sea, yea  
Yea, what about me, yea?  
Yea, what about me?  
She jus' really wanna know what about me Just pick me up, put me down  
We'll get of this old town  
And leave it all, into the sea Go away and then shut your mouth  
And darling, you'll see how it all turns out  
Haa  
Throw it away, for a year and a day  
And then come back to me  
Into the sea, yea  
Into the sea, yea  
Ohh darling to the sea  
Yea, what about me, yea?  
Yea, what about me?  
She jus' doesn't really wanna know what about me Well click your heals, turn around  
We'll get of this old town  
We'll leave it all, into the sea Into the sea, yea  
Into the sea, yea  
No more, no more  
Yea, into the sea, yea  
Yea, into the sea, yea  
No more, no more  
Into the sea  
I love that your love lies somewhere

I love life your love lies some  
I love I your love lies somewhere  
I love life your love lies somewhere  
In the sea, yea  
In the sea, yea  
In the sea, yea  
In the sea, yea  
In the sea, yea  
In the sea, yea  
In the sea, yea

I love life your love lies somewhere  
I love that your love lies somewhere

In the sea

I am turning in the sea

sea, sea

I am turning in the sea

I love life your love lies somewhere

I know that your love
