

# Walk On

## Overcoats

I miss him more than I should  
I miss him more than I should  
But when I hear his name I go blind  
Oh, it happens all of the time  
I just fall into darkness  
and it's no more light I'm supposed to leave him alone  
I'm supposed to leave him alone  
But I wanna walk in a room  
Look in his eyes, and tell him the truth  
That I don't think it's supposed to feel like this Walk on  
I don't wanna remember your name  
anymore  
Walk on  
I don't wanna remember your name  
I think I've been here before  
I think I've been here before  
When we've lived like this for so long  
Making right what might have been wrong  
I begin to wonder is this worth fighting for I have to let you know  
I have to let you know  
That I used to walk on my own  
Now I'm scared of being alone  
I keep pulling you closer  
but it's not love anymore Walk on  
I don't wanna remember your name  
anymore  
Walk on  
I don't wanna remember your name humming  
I wrote this down for you  
I wrote this down for you  
I hope it lets you rest your head  
Even though there are words left unsaid  
Don't you know that I loved  
every part of it Walk on  
I don't wanna remember your name  
anymore  
Walk on  
I don't wanna remember your name  
anymore  
Walk on  
I don't wanna remember your name  
anymore

Walk on  
I don't wanna remember your name
