

# Renegades of Noize

## Haujobb

We will cut off your supply  
Hi-jack your masterminds  
Return to realtime  
We will sing the world to sleep  
Very very deep We will break through your monopolies  
Send back your dope  
Armed with knowledge-bombs  
We will sing the world to sleep  
Very very deep  
We will crack your roots  
Leave you all in a vacuum  
Reset your brains to zero  
Step back and let it flow
