

# On a Turntable

## The Interrupters

my fridge ain't broken  
my beer ain't cold  
my bodies achin and I'm not even old  
police start comin but I did nothin wrong  
I sit here singin but I don't have a song never had much, grew up with nothin  
but the music always was somethin  
been down and out  
I've been on top of the world  
a world that keeps on spinning on a turntable don't have a room but I'm not homeless  
I'm filled with doubt but I'm not hopeless  
the stakes are up, but I got nothin at stake  
got a wounded heart but it won't break  
never had much, grew up with nothin  
but the music always was somethin  
been down and out, I've been on top of the world  
a world that keeps on spinning on a turntable ooooooooo ah ooooooooo  
on a turntable  
ooooooooo ah ooooooooo  
on a turntable  
ooooooooo ah ooooooooo  
on a turntable  
ooooooooo ah ooooooooo traveled the world but I've been no where  
all I do is worry, but I got no cares  
and I drink too much but I still feel sober  
this record plays  
over and over  
never had much, grew up with nothin  
but the music always was somethin  
been down and out  
I've been on top of the world  
a world that keeps on spinning on a turntable ooooooooo ah ooooooooo  
on a turntable  
ooooooooo ah ooooooooo  
on a turntable  
ooooooooo ah ooooooooo  
on a turntable  
ooooooooo ah ooooooooo I keep on spinnin
