

The Ballad of Jean Charles de Menezes

[Roger Waters](#)

All in all it's just another brick in the wall
All in all you're just another brick in the wall
Just another blunder
Just another lousy call
Just another clap of thunder
And apologies ring hollow
From the guilty in Whitehall
And there's no hint of sorrow
In the whitewash on the walls
And nothing is gained
(Nothing at all)
And Jean Charles de Menezes remains
Just another brick in the wall
