

The Fragile

Nine Inch Nails

She shines
In a world full of ugliness
She matters
When everything is meaninglessFragile
She doesn't see her beauty
She tries to get away
Sometimes
It's just that nothing seems worth saving
I can't watch her slip awayI won't let you fall apart
I won't let you fall apart
I won't let you fall apart
I won't let you fall apart
She reads the minds of all the people as they pass her by
Hoping someone can see
If I could fix myself I'd
But it's too late for meI won't let you fall apart
I won't let you fall apart
I won't let you fall apart
I won't let you fall apartWe'll find the perfect place to go where we can run and hide
I'll build a wall and we can keep them on the other side
But they keep waiting
And picking and picking and picking and picking
And picking and picking and picking and picking
And picking and picking
It's something I have to do
: I won't let you fall apart
I was there, too
: I won't let you fall apart
Before everything else
: I won't let you fall apart
I was like you
: I won't let you fall apart
