

# Handshake

## Two Door Cinema Club

So what became of loving men  
and what became of you  
Familiar as you shook my hand  
What was it you meant to do? Because all could change for one  
and all could change in this new day She said the devil will want you back  
And you'll never find love in an open hand  
Shut your eyes, so you'll see I'm there  
And know you'll always have this if you stay this man She said the devil will want you back  
And you'll never find love in an open hand  
Shut your eyes, so you'll see I'm there  
And know you'll always have this if you stay this man I lied, this was not for my pride  
I know this was my time  
She said the devil will want you back  
And you'll never find love in an open hand  
Shut your eyes, so you'll see I'm there  
And know you'll always have this if you stay this man  
So when nobody will take you back  
And you've never found love in an open hand  
Shut your eyes, and you'll see I'm there  
You know you'll always have this if you stay this man
