

# Shut Up

R. Kelly

this song goes out  
to all the people out there, that be running their mouth  
and they don't know what the hell they saying  
shut up! now that i've got my voice back, let me start off by saying that  
i appreciate the fans around the world that have my back  
and i just wanna thank god upstairs for keeping his hands on me  
and keeping all the doctors focused through my surgery.  
now, there's a couple of things, i gotta get off my chest  
some serious issues that i must address  
so, well let's just get it right through it  
people say that i was gone  
say there was no way this time he's gonna overcome  
and even before, the doctors was done, and i could awake  
soon my career away!  
after twenty two years of a bless career  
they had me lying in my hospital bed crying mad tears, uhu  
but just as i had many people hatin' me, had so many people loving me  
and not forget the hood around the world covering me  
to everybody that be calling me  
well, telling me what they be saying about me  
well, bringing me all this negative shit  
yal the ones i ain't fuckin with  
it's time for me to evaluate, oh, oh  
people that i let up in my space  
can i get a witness for all of this, when people all up in your business  
tell 'em, shut up, tell 'em shut up  
tell 'em shut up, tell 'em shut up  
i'm talking to you!  
tell 'em shut up, tell 'em shut up  
tell 'em all shut up!  
tell 'em all shut up!  
tell 'em! i'm talking to you! he's washed up, he's lost it!  
he ain't got no more  
well i'm here to tell you today boy, you haters are so slow!  
and it sadness me to know  
some of yal want me to go away  
when it's time for me to go  
my god is gonna orchestrate it all  
until then i'm gonna accept the stones  
praying, just try to get along  
but sometimes is so hard for me to be strong  
see, i got kids and i'm trying to love 'em, so many things i'm trying juggle

but i never thought this music would become my struggle, oh!  
and who said i lost my house, my own people put me down  
and my friends no longer around, no!  
but you see deep underneath the surface  
i feel something is working in my behalf  
a victory is near!  
see, my future ain't my past  
it's not the end of the hour glass, who said it would not last  
i'm sick o' their asstell, shut up, tell 'em shut up  
tell 'em shut up, tell 'em shut up  
i'm talking to you!  
tell 'em shut up, tell 'em shut up  
tell 'em all shut up!  
tell 'em all shut up!  
tell 'em! i'm talking to you!now seriously, after all these hits and melodies,  
and memories you compare me to someone else! OMG!  
no offence to the other artists,  
but come one dawg, let's be honest, how many babies have been made of me? OMG!  
seriously?  
you gonna act like that?  
sitting there like it ain't no truth to that?  
looking at me like it ain't talking stats OMG!  
every boy, every girl, every child around the world  
from the 90s up until the day they all freeshut up, shut up, shut up  
i'm talking to you!  
shut up, shut up, shut up  
all my life, oh!  
i'm talking to you!...  
just shut up, shut up, shut up!
