

Black Sunshine (feat. Iggy Pop)

White Zombie

Gripping the wheel
His knuckles went white with desire
The wheels of his Mustang exploding
On the highway like a slug from a .45
True death: 400 horsepower of maximum performance
Piercing the night...
This is black sunshine Move me in the silence
Baltic motorway
Hang me on the edge
Before I fall away
Apocalypse is dawnin'
Action on the mile
A "can-do" revolution
Earth to the river Nile
Sweeten the ride
Black sunshine
Sweeten the ride
Yeah
Sweeten the ride
Black sunshine
Sweeten the ride
Yeah! Cry a river cosmic
Moon in Scorpio
Feel her body breathe
Acid radio
Tell me that you like it
When I'm going down
Tell me that you like it
Move to the speed of sound
Sweeten the ride
Black sunshine
Sweeten the ride
Yeah
Sweeten the ride
Black sunshine
Sweeten the ride
Yeah
Go Slide into I said a 44
Cool heart can hypnotize
Dream into infinity
I turned the love to lies
Crawl across the waterway

And sink into the sea
Reflecting onto everything
That you can never be
Check-out
Yeah To the devil a daughter comes
2000 worlds away
Yeah
Born to lose the love you choose
Destroy another day
Check out Sweeten the ride
Black sunshine
Sweeten the ride
Yeah
Sweeten the ride
Black sunshine
Sweeten the ride
Yeah Stare into the T.V.
Kiss off the pain
Wonderland is falling
No sing
No rain
Momentary
Damage into the high
Drift me to the circuit sky Finally, nothing moves
High noon. Blacktop rolling below the asphalt drive
A concrete fascination, scraping the edge of nothing
This is black sunshine
