

# Jimmy

## The 69 Eyes

Jimmy I would've never thought you could be crying  
As you saw Jimmy in Giant  
Angels never sinned since they stopped flying  
Bright beautiful flames burn brightly that's the same Little runaway with my heart  
I'll be waiting  
Little runaway with my heart  
For you baby  
I would've never thought I could be crying  
On this dirty old boulevard the dreams are dying  
Where the lonely teardrops never be drying  
Bright beautiful flames always burn brightly that's the same Little runaway with my heart  
I'll be waiting  
Little runaway with my heart  
For you baby Little runaway with my heart  
Little runaway with my heart Little runaway with my heart  
I'll be waiting  
Little runaway with my heart  
For you baby  
Little runaway with my heart  
I'll be waiting  
Little runaway with my heart  
For you baby
