

I Love U

Loving Caliber

How I try,
Written down the words to say,
It is time, I've been waiting five days
To explain, how you make me feel inside
(Baby)Got it all figured out, wanna do this right
There's no doubt in my mind, baby you're the one
And tonight
I am going all the way
But when you touch my hand, it all goes away
The things I plan, the things I would say
Now I keep rambling on, I sound so cliché
What I am trying to do is say I love you
And all the things that you do
Sounds like a fool cause when you touch my hand, the words go away
What I am trying to do, is say I love you You don't know how I shiver inside
Doesn't show, but my nerves are inside out
It's because, you're not worth less than perfection Thought it was in my hands now I'm all
confused
Turning gold into sand, don't know what you do to me
All I know is you can take my breath away
(Yeah)
Cause when you touch my hand, it all goes away
The things I plan, the things I would say
Now I keep rambling on, I sound so cliché
What I am trying to do is say I love you
And all the things that you do
Sound like a fool cause when you touch my hand, the words go away
What I am trying to do, is let you know that
When you touch my hand
It all just goes away
The things I plan to say
(Oh baby) what I am trying to do
Is let you know that when you touch my hand, it all goes away
The things I plan, the things I would say
Now I keep rambling on, I sound so cliché
What I am trying to do is say I love you And all the things that you do
I'm so in love with you
It sounds so stupid now
What I am trying to do,
What I am trying to do,
What I am trying to do, is say I love you
