

# Grateful

## Mahalia

Yeah

Sorry I missed your call (Hold me like that)  
I'm just busy right now I don't wanna see you cry  
You make my heart go boom  
Oh baby, it's that look in your eyes that makes you the prize  
I wish we were together, right now  
It's true, you make my body feel loose  
Oh baby, it's the way that you lay, the way that you play  
I'm praying for forever, as well as now I don't want to hide, I don't want to hide  
I don't want to shy from you, no  
I don't want to lie, I don't want to lie  
And say that I don't want you  
So if you could lay your cards right down  
I am waiting at the table  
If you could show me love somehow  
We don't need to have a label  
You know that I will love you down  
I will be every kind of faithful  
If you could show me all the way around  
I will be very, very grateful  
Very, very grateful Babe, you make my worries fly away  
I'm thinking it's the way that we rotate  
That makes me feel okay  
So you should come around  
Today, let me show you somewhere safe  
Oh baby you can stop tryna locate  
'Cause we find a soulmate in each other  
And now we're bound  
I don't want to hide, I don't want to hide  
I don't want to shy from you, no  
I don't want to lie, I don't want to lie  
And say that I don't need you  
So if you could lay your cards right down  
I am waiting at the table  
If you could show me love somehow  
We don't need to have a label  
You know that I will love you down  
I will be every kind of faithful  
If you could show me all the way around  
I will be very, very grateful  
Very, very grateful, yeah Oh, hold me like that  
Like that  
Grateful

Very, very grateful

Very, very hard

Very, very loving
