

# Telepathic

## Starset

And if I had my way  
I would run to the rescue  
It never works that way  
When you call a bluff Oh, all the fools rush in  
It's a battle to surround you  
And all the fools want in  
But I'm not giving up I don't wanna let you go  
But I can't stand to watch this I don't wanna let you know  
But you can read my mind  
I feel it all the time  
Felt it all around you  
You had me under spell right from the start  
But I don't have a telepathic heart  
Telepathic  
Blind, I fall into the line  
That's waiting just to get you  
But I don't ever know just what we are  
I don't have a telepathic heart Telepathic Look inside my brain  
You'd know what I want before I tell you  
Give me the words to say  
To make it enough  
Don't want your star-crossed fate You are the sun, I am the full moon  
Don't leave me lost in vain  
I can be what you want  
I don't wanna let you go  
But I can't stand to watch this  
I don't wanna let you know  
But you can read my mind  
I feel it all the time Felt it all around you  
You had me under spell right from the start  
I don't have a telepathic heart  
Telepathic  
Blind, I fall into the line That's waiting just to get you  
But I don't ever know just what we are  
I don't have a telepathic heart  
Telepathic And you always turn away  
Back to the start where I break through You can run, you can run away  
I will wait in the dark for you  
Should've never fell this way  
'Cause you're the sun and I'm just a moon  
I'm in the dark 'till you light the way  
'Cause I'm see through You can read my mind

I feel it all the time  
Felt it all around you  
You had me under spell right from the start  
I don't have a telepathic heart  
Telepathic  
Blind, I fall into the line  
That's waiting just to get you  
But I don't ever know just what we are  
I don't have a telepathic heart  
Telepathic
