

# Everybody Gets High

## MISSIO

Once upon a time in a land far away  
There lived a little boy and he drank all day  
Friends called him stupid and his brothers called him gay  
Emptied all the bottles 'til the pain went away  
Whiskey was his friend, he didn't have another  
Vicodin his vice, his real and only lover (yup)  
Smoked a pack or two, it never was a problem  
Popped a pill or two, they really made him blossom (yup)  
Take a sip, take a sip, take a sip  
And a trip, and a trip, and a trip  
And I'm like, when you bitch, when you bitch, when you bitch  
Counterfeit hypocrite holy shit  
Once upon a time in a land far away  
There lived a little boy and he cried all day  
Playboy bunny magazines would never get him laid  
He downed another bottle 'til the pain went away  
Whiskey was his friend, he didn't have another  
Vicodin his vice, his real and only lover (yup)  
Smoked a pack or two, it never was a problem  
Popped a pill or two, they really made him blossom (yup)  
Take a sip, take a sip, take a sip  
And a trip, and a trip, and a trip  
And I'm like, when you bitch, when you bitch, when you bitch  
Counterfeit hypocrite holy shit  
Take a sip, take a sip, take a sip  
And a trip, and a trip, and a trip  
And I'm like, when you bitch, when you bitch, when you bitch  
Counterfeit hypocrite holy shit  
Everybody gets high, why the hell can't I?  
Everybody gets high, why the hell can't I?  
Everybody gets high, why the hell can't I?  
Everybody gets high, why the hell can't I?(Yup)  
Take a sip, take a sip, take a sip  
And a trip, and a trip, and a trip  
And I'm like, when you bitch, when you bitch, when you bitch  
Counterfeit hypocrite holy shit  
Everybody gets high, why the hell can't I?  
Everybody gets high, why the hell can't I?  
Everybody gets high, why the hell can't I?
