

# I'm on Fire

## We Are Messengers

I wanna taste more of what is true,  
and live like I've got nothing to prove.  
You're the heart beating right here in my chest.  
The air I breathe not anything less.I'm on fire!  
They can't put it out, can't put it out.  
One desire!

They can't shut us down, can't shut us down.I wanna love like there's nothing to lose.  
Leave my pride broken and bruised.  
I want a heart that's real and won't relent,  
won't back down from this fight of this life that were living in.I'm on fire!  
They can't put it out, can't put it out.  
One desire!

They can't shut us down, can't shut us down.  
There's no where we can run and hide.  
There's no where we won't feel the heat of His fire, of His fire.  
There's no where we won't shine a light.  
There's no one can't be made alive, by His fire.  
Oh His fire!You're the heart beating right here in my chest.  
The air I breathe not anything less.I'm on fire! (I'm on fire!)  
They can't put it out, can't put it out.  
One desire! (One desire!)

They can't shut us down, can't shut us down.I'm on fire! (I'm on fire!)  
They can't put it out, can't put it out. (Can't put it out)  
One desire! (One desire!)  
They can't shut us down, can't shut us down. (Can't shut us down)  
I'm on fire! (I'm on fire!)  
I'm on fire! (I'm on fire!)  
I'm on fire! (I'm on fire!)  
I'm on fire!
