

Always

Chuck Wicks

They say I don't want nothing but you babe
I play it down cause its true

Yeah

My minds been thinking bout always
Lately I've been that guy going crazy
Pacing and patiently waiting
Ready to ask you for always I need you babe
Call me crazy

When i know Yes I know yes I know
This feeling will stay

Tell me I'm not alone down on one knee
And you want us to be complete
Wrapped in forever for always I need you babe
Call me crazy

When i know Yes I know yes I know
This feeling will stay So won't you save me
Don't say baby you know yes you know
You feel the same

Yeah

I need you babe
Call me crazy

When i know Yes I know yes I know
This feeling will stay They say I don't want nothing but you babe
I play it down cause its true
