

Remember (feat. Nat Joyce & Erin Renee)

Moog

When I'm gone
Please remember
When I'm gone
Please remember
When I'm gone
Please remember
When I'm gone
Please remember
When I'm gone

Please remember I know that we have been so far
I hope that we'll always remember
I know that we are slowly fadin'
The sun will rise, and we'll surrender
I know that we are gone so far
I hope that we'll always remember
I know the night will slowly fade
The sun will rise and we'll surrender
