

Echoes

Tombs

We live by the sea
In towers made of clay
Flowers fade away
Our world turns to dust
Cast your eyes to eternity
Legacy remains
Through shades of darkness
Kingdom of ashes
Lost between the waves
Time the great illusion
Echo through eternity
Into the void
Across the void between
the stars
Inside your mind
The serpent coil
Exist beyond the veil of time
Fear lives inside forever
Let it fall
Let it slip away
Mortal
We will remain
Life is so fragile
Mortal remorse
We will remain
Echoes and shadow
Through eternity
Darkness prevails
Through eternity
