

# On Sight

## Free Nationals, JID, Kadhja Bonet & MIKNNNA

You can always fake, won't say  
If you don't complain  
You can always fake, won't say If you don't complain Baby come over, this shit ain't over  
Baby I want your love, you know I need it  
Baby come over, this shit ain't over  
Baby I want your love, you know I need it Could it be  
Nobody knows you're my baby  
Not before, but now I want love/ more  
Yeah I want you baby  
Couldn't feel the same  
No way, if I ain't no secret baby  
'Cause we can't take it back no more  
Never the same but we can go on  
'Cause I just wanna be your baby  
Baby come over, this shit ain't over  
Baby I want your love, you know I need it  
Baby come over, this shit ain't over  
Baby I want your love, you know I need it You can always fake, won't say  
If you don't complain  
Gonna catch this flight  
It was love at first sight Yeah, uh, yuh  
Well I get nervous everytime I see you baby  
It really hurts me everytime you go  
I think you're perfect  
But you won't believe me, if I said it to the world  
Would you let everybody know?  
I read you gettin' worried  
That maybe you feel the way I do  
Maybe you don't, maybe I've been known to move  
And it feel like an episode from a show  
I don't really know who's the leader, oh  
We're rollin' with a beat that isn't easy  
Just believe me  
On God, I can see it  
Oh appears to me to exercise my demon  
Maybe this drink will probably get a blink of what I'm thinkin'  
I've been smokin', I've been drinkin'  
And I'm hopin' you can see me  
If you saw me, tell me, have you seen me?  
I really need her, I've only got a two-seater  
My car don't go in reverse, don't wanna leave her  
Never see her, if I don't, hearts linger

Steve Irwin, she hurt me, eerBaby come over, this shit ain't over  
Baby I want your love, you know I need it  
Baby come over, this shit ain't over  
Baby I want your love, you know I need itYou can always fake, won't say  
If you don't complain  
You can always fake, won't say  
If you don't complain  
You can always fake, won't say  
If you don't complain  
Gonna catch this flight  
It was love at first sightYou can always fake, won't say  
If you don't complain
