

Senile (feat. Tyga, Nicki Minaj & Lil Wayne)

Young Money

AUGHH...

High in the video, fuck with me, hella raw, raw got a little riddle, riddle, twerk for a star
Started from the- like Christina, got a million/Millian; man I'm a good guy, turned to a vill-I-an

Bully in the pack turned to a rat, pussy on my jack, I, hit a bitch with a car bomb
Bombs in L.A., bombs in the Bay, nigga you ain't safe, I, run with niggas like O-Dog
All we do is ball... all we do is ball, now I'm passed out

Lean in the drop, ice in the watch nigga, that's Ben & Jerry dollars, watch a nigga make a stack
house

Gingerbread man run while you can, all you niggas lame, tooly on me, got killers on speed dial
Infrared blam if a nigga shout, don't get packed out, pro'lly hear the paparazzi when I back
out
Can you see now? Are you senile?

Can you see now? Senile

Can you see now? Can you see now?

Can you see now? When you see a nigga, don't be actin' senile

Sky dweller check, helicopter pad, droppin' off a body bag, money talk, guess I got the gift of
gab

Don't interject, don't intercept, you ain't on a jet, you ain't meet a bitch with this kinda money
yet

Yeah, I got an Audemar, I ain't set the time once and I know they say they shine, I ain't seen
'em shine once

All these rappers is my sons, and I'm always nine months; man if this was baseball, I ain't let
'em slide once

Do you see now? You playin' D now?

Oh, you wanna beat me, how? Oh, you the number one draft in the league now?

R-r-ride down ya block, doors twelve o'clock, Lambo, the drop, bike niggas, ain't stoppin' for a
cop

I got this shit locked tighter than a bear hug; when them bitches rap, niggas need an ear plug
Can you see now? Ride with the heat, trunk full of beat, bomb like the Middle East, I got, killers
in the street
Nigga got a problem? See about it, knock the nigga off, beat the body

I'm just makin' all these deposits; (Neighborhood) nice and quiet, thought I saw Mr. Rogers,
nigga

I could sell salt and equalize it - wait, I said I could sell salt and equalize it

Boy, I got every award but a Heisman, do a drive by on you niggas, make a U-turn for survivors
Take a newborn from his momma, stick a shoe horn in vaginas, got the coupe on Yokohamas,
got the super soaker chopper, uh

We'll kidnap the kingpin, like "Who is your supplier?"

Nigga better know the fire, nigga better know somebody, I know niggas that'll kill ya for a little
notoriety

I can make a lion say "meow", I'm in this mothafucka gettin' money 'til I'm SENILE!

Tunechi!

Can you see now? Are you senile?

Can you see now? Senile

Can you see now? Can you see now?
Can you see now? When you see a nigga, don't be actin' senile
Can you see now? Are you senile?
Can you see now? Senile
Can you see now? Can you see now?
Can you see now? When you see a nigga, don't be actin' senile
