

Wonder Woman

Trey Songz

I gave you prophesy on my first joint,
But you all lamed out,
It aint really appreciated
The second one's out
Danger! SONGZ! Your face is amazing blazing hot like cajun and all i need is a minute
Please no gimmicks ya tellin me to chill On the real or take a trip to satan
Sent me to hell wit it
Then i yell wut it do
the hell wit ya crew

Say you got a man well the hell wit him too
The seats is seashell the whip is sea blue And you can swim through.
Aint alot of women that i cant swim through
And you cant say that i dont tempt you
Cuz if you said that, you's a liar
Grip them legs back call me pliers
Z 4 chrome up under the tires
And you so grown and my desires
To make you come
So finish that rum,
Aye who said trey songz aint fire? (Ahh)
