

# I Miss You

Ta-ku

The bright sun in the blue water  
We fight less and love harder  
You tell me that I'm the one  
I tell you it's just for fun  
We walk the beach at midnight  
And watch the stars in the clear skies  
We both say I love you  
But it's alright  
The bright sun in the blue water  
We fight less and love harder  
You tell me that I'm the one  
I tell you it's just for fun  
We walk the beach at midnight  
And watch the stars in the clear skies  
We both say I love you  
But it's alright
