

The Game

Milky Chance

I'm about to lose the illusion, my heart
Pictures that I thought that could fame
Colors I've just come along getting blurred
Like it ain't never gonna be the same
And I know
that I've messed up with the chances I got
All I do is try to make it right
All I do is try to make it right
Guess I'll do this all my life
Nothing ever seems to be easy
All I do is stand in the rain
I don't really know how to get there
Just tell me 'bout the rules of the game
Everybody says that I'm dreamin'
But I'm just tryna' cope with the pain
I don't really care for the rumours
Just tell me 'bout the rules of the game
Wanna play (play) wanna play (play)
But I don't know 'bout the rules of the game
Wanna play (play) wanna play (play)
But I don't know 'bout the rules of the game
Images of color giving peace of my heart
Taking all the doubts from my mind
Can't your body echo all the words I've said
Please, let me keep up with the time
And I hope that there'll be any other chances I get
And I hope I can take them with the mood that I have
Anything can make me get in close, but instead
Everything is pushing me away
Nothing ever seems to be easy
All I do is stand in the rain
I don't really know how to get there
Just tell me 'bout the rules of the game
Everybody says that I'm dreamin'
But I'm just tryna cope with the pain
I don't really care for the rumours
Just tell me 'bout the rules of the game
Wanna play (play) wanna play (play)
But I don't know 'bout the rules of the game
Wanna play (play) wanna play (play)
But I don't know 'bout the rules
I don't know 'bout the rules of the game
Nothin' ever seems to be easy
All I do is stand in the rain
I don't really know how to get there
Just tell me 'bout the rules of the game
Everybody says that I'm dreamin'
But I'm just tryna cope with the pain
I don't really care for the rumours
Just tell me 'bout the rules of the game
Wanna play (play) wanna play (play)
But I don't know 'bout the rules of the game
Wanna play, (play) wanna play (play)

But I don't know 'bout the rules
I don't know 'bout the rules of the game But I don't know 'bout the rules
I don't know 'bout the rules of the game
But I don't know 'bout the rules
I don't know 'bout the rules of the game
