

Fist Pump, Jump Jump (feat. Greg Tecoz)

Ying Yang Twins

We gotta whole lotta ladies
And a whole lotta fellas
When you put em all together
They be ready whatever
Oh oh oh oh oh oh When you put em all together
They be ready whatever
Oh oh oh oh oh oh
Now fist pump jump jump
Fist pump jump jump
Fist pump jump jump
Fist pump jump jump Oh oh oh oh oh oh
When you put em all together
They be ready whatever
Here they come just let them in
Me and my brother back again
Yeah it's them wonder twins
Thundering and Lightning
Block beating club jumping
Cars in the street bumping
Red light stop sign
Drop top cops flying
Speed limit 25
People all outside
In the middle of the block
Like it when the bass knock
Boom bap tick tock
This that hit drop
Yin yang on the block
Cause we make the party rock
Cause tonight we got a whole lotta of spirit for life
Now throw your hands in the air saying
Oh oh oh oh oh oh
We gotta whole lotta ladies
And a whole lotta fellas
When you put em all together
They be ready whatever
Oh oh oh oh oh oh
