Cookie Cutter

Pretty Ricky

Whoa, yeah

Whoa, yeah

Whoa, yeah

Whoa

Yeah let's goNever in my life

Felt this way

Had to pinch myself twice

Can't believe how you look tonightFeels like I'm livin' a fantasy

'Cause honestly you are like

Ten million stars

You're so brightShine so hard no need for sunlight

Don't you move girl

'Cause I've been waiting for this day to come

Shawty no way

No other girl does it better than you

She got seven on them sixes

With hello kitty seats

Drop it low if you got dunk in the trunk girl(Chorus)

She's explosive

I'm not afraid to let her know it

I'm never gonna let her to

Step to the average you

She's not a cookie cutter

One and only

I can never let her go

I swear to tell the girl the truth

A step above the average you

She's not a cookie cutter

(Bridge)

Cutter, she's not your cookie cutter

Cookie cutter cutter

I gotta gotta gotta have her

And I gotta cut her

Gotta cut her

Gotta have her

Yeah I gotta have her

She's not a cookie cutterShoulda' let her know

That she's on another level

Nothing compares to my angelI can't even describe what she does to me

But I try to explain

Words get in the wayRomance showed up to my baby

Makes me feel like I'm super human

I feel I could flyShawty no way No other girl does it better than youShe got seven on them sixes With hello kitty seats

Drop it low if you got dunk in the trunk girlShe's explosive I'm not afraid to let her know it

I'm never gonna let her toStep to the average you

She's not a cookie cutter

One and only

I can never let her go

I swear to tell the girl the truth

A step above the average you

She's not a cookie cutterWooooooo...

She's not a cookie cutterCutter, she's not your cookie cutter

Cookie cutter cutter

And I gotta cut her

Gotta cut her

Gotta have her

Yeah, who could understand

You the different type

Even one in a mill

You one of a kind

I love it how you do it

Cause you do it just rightCan't help it but be glad
That you're mineUhh, shawty, if you pretty say pretty ricky
