Easy (Switch Screens) [feat. Lorde]

Son Lux

Easy, easy Pull out your heart To make the being alone Easy, easyPull out your heart To make the being alone Easy, easyEasy, easy You break the bridle to make Losing control Easy, easyCrushed what you're holding So you can say letting go is Easy, easy Oh, easy, easy Burn all your things To make the fight to forget Easy, oh, easy Burn all your things To make the fight to forget Easy
