

Laputa (Nai Palm) [Commentary]

Hiatus Kaiyote

Graphite to paper
A saga-born, and hand drawn artisan dreamer
Graphite to paper
A saga-born anhedron artisan dreamer
Miyazaki frontier
A crystal-clear picture aluminum seeker
This view from here is airborne
Mystic catacomb creeper
Who whispers stone cold
And the mind follows deeper
A relic our teacher
A talisman in the hand
Never get to seek
Laputa
(miss you)
Laputa
(How I miss you)
Floating castle in the sky
(miss you)
Laputa
(How I miss you)
Floating castle in the sky
Laputa
Young one - hear this
Feel this
I've been running, running but the riot tuns for you, you, you, you
Give the timeless
corridors of your meadow, of your meadows
Laputa
