

# Soft Fun

## Nils Lofgren & Grin

When you cry I feel so sad.  
You're the only friend I have.  
Here's a melody to send your feelings (x2)...She cried with midnight.  
Tears run down to the dawn.  
Pain did her proud,  
She tried stopping but she had to keep right on.She cried for freedom,  
A sad sigh long for love.  
All you lonely people cried for things  
You just don't know of.I give to you my heart and my soft fun.  
I'm lyin', cryin', dyin' by you.  
Why feel to be such a lonely one?  
My feelings are cryin' but that's alright.  
She hides in wool,  
Medieval veils her path.  
'Fraid to cry, scared to die,  
Fear this run from the wrath.Throw flowers that cry just everything,  
Shaded look so cruel like cry.  
She appears back to face now,  
But I just won't see why.I give to you my heart and my soft fun.  
I'm lyin', cryin', dyin' by you.  
Why feel to be such a lonely one?  
My feelings are cryin' but that's alright...They say that funny guy's crazy  
'Cause he's always playing mad,  
But believe me when I tell you  
My inside's sad.  
I'd like to forget my life  
And find what you all found,  
But I wasn't blessed with not knowing  
And I can't help sinking down.I give to you my heart and my soft fun.  
I'm lyin', cryin', god I'm dyin' by you.  
Why feel to be such a lonely one?  
It hurts me inside. That's alright.
