

Down on Love (feat. Moksi & Yade Lauren)

Yellow Claw

[Verse 1]

I wanna lose my hands in your curls
I wanna show you it's more than words
I gotta take it slow with your curse
I know it's more than love you deserve[Pre-Chorus]
Can't you tell that I'm gon' treat you right?
I see it in your eyes that if my words desire
And you forget how my many nights you cried
How many times you tried
This might just be your night[Chorus]
Hold me down, down, down, down, down
Hold me down on love, hold me down on love
I hold you down, down, down, down, down
If you stay around my love, stay around my love

[Verse 2]

I wanna show you how good it feels
That heaven knows, someone who treats you real
Caught up in the motion, I'm not made of steel
Baby, if you're hopeless I can help you heal[Pre-Chorus]
Can't you tell that I'm gon' treat you right?
I see it in your eyes that if my words desire
And you forget how my many nights you cried
How many times you tried
This might just be your night[Chorus]
Hold me down, down, down, down, down
Hold me down on love, hold me down on love
I hold you down, down, down, down, down
If you stay around my love, stay around my love

[Bridge]

Hold me down, hold me down, hold me down
I hold you down, down, down, down, down[Chorus]
Hold me down, down, down, down, down
Hold me down on love, hold me down on love
I hold you down, down, down, down, down
If you stay around my love, stay around my love
