

Wheels of Fortune (2016 Remastered)

The Doobie Brothers

Caught up in wheels of fortune while you've been asleep
Come on, give it up, you got what's comin' to you
No use for you to struggle, now you're in too deep
It's gonna be a long, long time before it's through
 Changin' wheels of fortune
 Drivin' us on and on
 Winnin', sometimes losin'
As soon as it's here it's gone
 I'm so tired of losin'
 But I still play the game
And I know there's no reason
Still I go on searchin' just the same
Well, I've kicked around your city seen your vanity
 Mister Society, can you hear me
You get your satisfaction and you cover all the action
 But your loaded dice won't help you in the end
 And you can help in the end
 Changin' wheels of fortune
 Drivin' us on and on
 Winnin', sometimes losin'
As soon as it's here it's gone
 I'm so tired of losin'
 But I still play the game
And I know there's no reason
Still I go on searchin' just the same
 Changin' wheels of fortune
 Drivin' us on and on
 Winnin', sometimes losin'
As soon as it's here it's gone
 I can hear him comin'
 Changin' wheels of fortune
 Drivin' us on and on
 Winnin', sometimes losin'
As soon as it's here it's gone
