

# Love + Attention

## KAMILLE

Baby why you do me so bad, bad, bad?  
Got my body burnin' like that, that, that  
Why you wan fi leave mi so sad, sad, sad? Ah you dat mi want, yeah  
(Yeah, I just want your love and that attention)  
I be gettin' clingy when you go, go, go  
Drinkin' from the bottle, I got no control  
Why you never pick up when mi call, call, call?  
Ah you dat mi want, yeah  
(Yeah, I just want your love and that attention) Why can't you see that I'm all that you need?  
Don't you want my heart? (Don't you want my heart?)  
When you're out on the street,  
Don't forget about me, layin' in the dark  
(Yeah, I just want your love and that attention)  
Baby when you're gone  
Ain't no fun, I can do this on my own  
Baby I belong in your arms, yeah  
(Yeah, I just want your love and that attention)  
(I-I just want your lo-)  
Shake me, talk to me, I just want your love and that attention  
Baby pull up in a drop (Yeah)  
Pull up and you're next to me  
(Yeah, I just want your love and that attention) Baby boy your body so fine, fine, fine  
Got me dreaming 'bout it all the time, time, time  
Tell them other girls that you're mine, mine, mine  
Ah you dat mi want, yeah  
(Yeah, I just want your love and attention)  
I swear your lovin' hit me like "Woah, woah, woah"  
Hope you ain't been creepin' on the low, low, low  
Why you never pick up when mi call, call, call?  
Ah you dat mi want, yeah  
(Yeah, I just want your love and attention)  
Why can't you see that I'm all that you need?  
Don't you want my heart? (Don't you want my heart?)  
When you're out on the street,  
Don't forget about me, layin' in the dark  
(Yeah, I just want your love and that attention) Baby when you're gone  
Ain't no fun, I can do this on my own  
Baby I belong in your arms, yeah  
(Yeah, I just want your love and that attention)  
(I-I just want your lo-)  
Shake me, talk to me, I just want your love and that attention  
Baby pull up in a drop (Yeah)
