

Falling to Pieces

Rita Ora

[Verse: 1]

You come, I go

When I'm high, you're low (lo-w)

Taking shots on the frontline

Not love, but we had the time[Pre-Chorus]

You're such a fool but so am I (La la la)

I'm maybe twisted, you're unkind (La la la)

I wanna know what's on your mind (La la la)

You do the same thing every night (La la la)[Chorus]

We're falling to pieces

All of the pieces come undone

We're falling to pieces

All of the pieces one by one

[Post-Chorus]

Falling to Pieces

One by one[Verse: 2]

Silver line, I'm gold

Another story untold

Why do we even try?

Not love, but we had the time[Pre-Chorus]

You're such a fool but so am I (La la la)

I'm maybe twisted, you're unkind (La la la)

I wanna know what's on your mind (La la la)

You do the same thing every night (La la la)[Chorus]

We're falling to pieces

All of the pieces come undone

We're falling to pieces

All of the pieces one by one

[Post-Chorus]

Falling to Pieces (La La La)

Falling to Pieces (La La La)

One by one[Bridge]

Da da da!

Da da da!

Bum bum![Pre-Chorus]

You're such a fool but so am I (La la la)

I'm maybe twisted, you're unkind (La la la)

I wanna know what's on your mind (La la la)

You do the same thing every night (La la la)[Chorus]

We're falling to pieces

All of the pieces come undone

We're falling to pieces

All of the pieces one by one[Trumpet solo][Outro]

Falling to Pieces

Falling to Pieces

One by one

Falling to Pieces

Falling to Pieces
