

# Gone

Ben Folds

(ooh ooh ooh ooh)  
(ooh ooh ooh ooh)I thought I'd write, I thought I'd let you know  
In the year since you've been gone I've finally let you go  
And I hope you find some time to drop a note  
But if you won't  
Then you won't  
And I will consider you goneI know that you went straight to someone else  
While I worked through all this sh\*t here by myself  
And I think that you should spend some time alone  
But if you won't  
Then you won't  
And I will (ooh ooh ooh ooh)  
And I will (ooh ooh ooh ooh)  
Consider you goneI wake up in the night  
All alone and it's alright  
The chemicals are wearing off  
Since you've gone  
The days go on, the lights go off and on (ooh ooh ooh ooh)  
And nothing really matters when you're gone (ooh ooh ooh ooh)  
If you think that you feel nothing at all (ooh ooh ooh ooh)  
If you don't (If you don't)  
Then you don't (No, you won't)  
If you won't  
Then you won't  
And I will (ooh ooh ooh ooh)  
Then I will (ooh ooh ooh ooh)  
Yeah, and I will consider you gone
