Galaxie

Blind Melon

Is this the place that I want to be?

Is it you I want to see?

Holding on, hold it high, show me everything

And you're leaving me, yeah you're leaving me

You're leaving me with a hated identityBut I keep on a-comin' here and standing in this state

And I'm never really sure if you'll take what I'm saying the right way

But I'm not appalled or afraid verbal pocket play

Is as discreet as I can muster up to be

Because the Cadillac that's sittin' in the back

It isn't me

Oh, no, no, no it isn't me

I'm more at home in my galaxie

Can I do the things I wanna do

That I don't do because of you?

And I'll take a left and I'll second guess

Into a total mess

And you're leaving me, yeah you're leaving me

You're leaving me with a hated identityBut I keep on a-comin' here and standing in this state
Oh and I'm always reassured the situation's getting carried away

But I'm not appalled or afraid verbal pocket play

Is as discreet as I can muster up to be

Because the Cadillac that's sittin' in the back

It isn't me

Oh, no, no, no it isn't me

Oh, no, no, no it isn't me

No it isn't me

No it isn't me

No it isn't me

No, no it isn't me

No it isn't me

In my galaxie
