

# Call a Marine

Toby Keith

I was sitting in a bar boozing and losing  
Some jackoff walks up cruising for a bruising  
popping off and making my old re neck red.

He asked my girl if she'd like to dance  
he had three buddies so i had no chance

I looked around the room for a friend  
and I saw Fred

A quick evaluation of the situation  
we entered into a conversation  
that last the better part of the next two songs

Now I didn't say and they didn't ask but

Fred did two tours over in Iraq  
and Son, it was over before it was even on.

Call a Marine instead of 911

they're built to improvise, adapt, and overcome.

When your in knee deep and your up shit's creek  
you've tried everything

Tell you what you do

Call a Marine Now my sisters husband didn't love her no more

and he runned off with a skinny little whore  
and left her sitting round the house with a couple of kids.

She just lays around in that mumu gown

old girl put on about thirty five pounds

and one day I went over to her house

and I said hey Sis if you wanna fix what troubles you

just ease down to VFW

and you'll walk through the door and turn those boys heads

for most of those boys its been a while,

just show a little leg and that Marlboro smile

and if that don't work out for ya girl ask for Fred

Call a Marine instead of 911

theyre built to improvise, adapt, and overcome

when your in knee deep and your up shits creek

you've tried everything

tell you what you do

Call a Marine Some douchebag rises up and overthrows his government

Diplomacy aint working and ammos all been spent

the world is in a crises and the media a circus

I'll tell you what to do when it goes from bad to worse Call a Marine instead of 911

they're built to improvise, adapt, and overcome

when your in knee deep and your up shits creek

you've tried everything

tell you what you do  
Call a Marine  
Tell you what to do baby  
you can call  
call a marine  
yeah yeah
