

# American Zone

## T.S.O.L.

There's blood on the streets again today  
All the people dying what a price we have to pay  
Around the world they're fightin'  
It's not that far away  
feel the darkness  
Can we change our ways?[Chorus:]  
We line in the American zone  
Free of fear in our American home  
Swimmin pool and digital phone  
What do we say when Johnny comes home Johnny just got back from war today  
Beruit weekend, the powder keg  
He was 20 years old and he lost both of his legs  
We're all really sorry today[Chorus]  
What do we say  
What do we say  
What do we say  
When Johnny comes home  
and he lost his legs.
