

You Did the Crime (feat. Mick Jagger)

Buddy Guy

You lied and you cheated
Girl, there's no excuse
That's criminal behavior
But you still only lose You did the crime
But I'm the one doin' the time
Spend the rest of my life
Without you in these arms of mine Guilt in your heart
Guilt in your soul
But the joys of love
Give me life without parole
You did the crime
But I'm the one doin' the time (Yes, I am)
Spend the rest of my life
Without you in these arms of mine (What a shame)(Yeah)
(Oh, shoot) Cold-hearted lover
In the first degree
You got away with murder
And I'll never be free
You did the crime
But I'm the one who doin' the time (Without you)
Spend the rest of my life
Without you in these arms of mine That's a hard pill to swallow
