

# You Did the Crime (feat. Mick Jagger)

## Buddy Guy

You lied and you cheated  
Girl, there's no excuse  
That's criminal behavior  
But you still only lose You did the crime  
But I'm the one doin' the time  
Spend the rest of my life  
Without you in these arms of mine Guilt in your heart  
Guilt in your soul  
But the joys of love  
Give me life without parole  
You did the crime  
But I'm the one doin' the time (Yes, I am)  
Spend the rest of my life  
Without you in these arms of mine (What a shame)(Yeah)  
(Oh, shoot) Cold-hearted lover  
In the first degree  
You got away with murder  
And I'll never be free  
You did the crime  
But I'm the one who doin' the time (Without you)  
Spend the rest of my life  
Without you in these arms of mine That's a hard pill to swallow
