

# The Feeling

## La Roux

Takin' the time to make me feel right  
Takin' the time to make me feel nice  
Can't stay up thinkin' about you all night  
Tossin' and turnin', it's not right  
Don't leave me here waiting  
When it's all okay, we know, you know  
And I know, I've got the feelin'  
When I wake up and there you are  
I get the feelin'  
For you are away waiting the ball  
'Cause I've got the feelin'  
The feelin'  
I get the feelin'  
There's plenty of time to get me in shape  
I promise I'll keep the promises I made  
And respect along the forest, say goodbye  
Running away, and it's swing to comeback  
When you love it makes me love too  
I can't believe I let you get through  
Get through, get through  
When it's all okay, we know, you know  
And I know, I've got the feelin'  
When I wake up and there you are  
I get the feelin'  
For you are away waiting the ball  
'Cause I've got the feelin'  
The feelin'  
I get the feelin'  
On the outside I might seem strong  
But really, inside, I'm just alone  
I don't believe wherever we go  
I'm just a child whenever you show  
On the outside I might seem strong  
But really, inside, I'm just alone  
I don't believe wherever we go  
I'm just a child whenever you show
