

# Empty Bottles

Yelowolf

Empty bottles on the table  
Black roses on the ground  
Silhouettes of people dancing  
To an unfamiliar sound  
Hello stranger, can I call you a friend?  
My friend, I'm going down  
With empty bottles on the table  
Black roses on the ground  
Ground bottle six with the permanent bliss  
Razor sharp glass lips, give me a kiss  
Eyes fixated with the familiar shape  
Black label, white letters, they integrate  
Cubans in the bar room with harpoons  
I bloom in the night fog like mushrooms  
See every bullet hole in the window of my past  
Now that's what I call a shot glass (2, 3, 4)  
Empty bottles on the table  
Black roses on the ground  
Silhouettes of people dancing  
To an unfamiliar sound  
Hello stranger, can I call you a friend?  
My friend, I'm going down  
With empty bottles on the table  
Black roses on the ground  
Count the cracks on the sidewalk  
Pack the cigarette box in my left palm  
Flame on the tip of a smoke  
I don't know where the light came from  
Legs like a ghost, I still walk  
Whole world must try and concrete feels soft  
Blinded by the cameras pap flash  
I'm a big fan, shot glass? (2, 3, 4)  
Empty bottles on the table  
Black roses on the ground  
Silhouettes of people dancing  
To an unfamiliar sound  
Hello stranger, can I call you a friend?  
My friend, I'm going down  
With empty bottles on the table  
Black roses on the ground  
Oh, what a life it's been  
What about my life in there? What about the would and whens?  
If, maybes, could-have-beens? You didn't know shit about me, man  
You didn't go to school in  
the clothes that I had to wear back then  
Look at you, fucking faggot, what you looking at, punk?  
What, bitch? Give me another shot, hey, what you want?  
Make it a double, fuck it, a triple, fuck it, give me the bottle  
And then it's bottoms-up, what a positive role model  
Wake up in the morning feeling like I'm  
not awake at all, take a Tylenol, shake it off

Wanna take another shot of Jack but Jack D shot me with a sawed-off  
Wake up in the morning feeling like I'm not awake at all, take a Tylenol, shake it off  
Wanna take another shot of Jack but Jack D shot me with a sawed-off  
Empty bottles on the table  
Black roses on the ground  
Silhouettes of people dancing  
To an unfamiliar sound  
Hello stranger, can I call you a friend?  
My friend, I'm going down  
With empty bottles on the table  
Black roses on the ground  
Empty bottles on the table  
Black roses on the ground  
Silhouettes of people dancing  
To an unfamiliar sound  
Hello stranger, can I call you a friend?  
My friend, I'm going down  
With empty bottles on the table  
Black roses on the ground.
